CANADA AWARDS FOR BUSINESS EXCELLENCE

The CANADA AWARDS FOR BUSINESS EXCELLENCE were created in 1984 by the the Government of Canada to honour businesses of all sizes and in all industry sectors for outstanding achievements in entrepreneurship, business management and science. These coveted awards have since become synonymous with the best in Canadian business.

The CANADA AWARDS FOR BUSINESS EXCELLENCE honour achievement in ten categories: Small Business, Productivity, Marketing, Entrepreneurship, Labour/Management Co-operation, Innovation, Invention, Industrial Design, Quality and Environment.

Selection is by independent teams of private sector experts. In each category the jurors choose up to three trophy winners - one gold, one silver and one bronze. A number of Certificates of Merit are also awarded.

Each year, Canada Awards winners are honoured by their peers and by all Canadians coast to coast.

The benefits are tangible and substantial. Winners become the focus of national attention. A prestigious awards ceremony and national advertising create country-wide recognition.

Winners can exhibit their awards proudly and have the exclusive right to use the logo of the Canada Awards in all communuications. Past winners have noted a marked increase in employee motivation as well as increased sales and profitability attributable to the awards.

Winning a CANADA AWARDS FOR BUSINESS EXCELLENCE trophy is a considerable achievement, but participation itself can be rewarding by heightening the company's team spirit and pride in its success.
